How Can We Help YOU?

**We want you to be completely satisfied with your purchases from us!
Please feel free to contact our friendly customer service representatives for any assistance.**

WE OFFER

- HIGH QUALITY PRODUCTS • FACTORY DIRECT LOW PRICING • FAST SHIPPING
- KNOWLEDGEABLE CUSTOMER SERVICE • HARD TO FIND ITEMS • 24 HOUR A DAY INTERNET ORDERING

CONVENIENT PAYMENT OPTIONS

We accept most credit cards! You may also make purchases by money order and cashier's checks. Now you can also email us your orders. We also accept purchase orders upon credit approval.

Past due accounts will be subjected to a finance charge per month and possibly a re-invoicing fee. All invoices over 60 days will be sent out to collections and are subject to a collections fee.

CLAIMS

We take great care to prepare your order for shipment. The majority of the orders that we ship arrive in excellent condition. Upon receipt of your purchase, please inspect the package and check the packing invoice to ensure you received your entire order.

If your package is received damaged, please refuse the package and immediately contact our customer service department. All claims must be reported within 24 hours of receipt.

SHIPPING METHOD

Because we know your time is valuable, we attempt to ship all orders the same day. Customized and tailored items ship upon completion. Several shipping options are available. Please contact a customer service representative with any shipping inquiries.

RETURNS

If within 30 days of receipt you are not satisfied with your purchase you may exchange or return non-tailored & non-custom items in the original condition. Custom items such as lightbars, special orders, custom badges or patches, uniforms with tailoring or alterations, may be returned for adjustment if we have not made them in accordance with your supplied written instructions. Under these conditions, only defective merchandise may be returned.

You may make any change to an order before we ship it to you! However, after an order has been processed, a cancellation & restocking fee will be billed to you due to your cancellation.

Please contact our customer service department to request a return or exchange. **Your original invoice is required for any return.**

MISCELLANEOUS

We strive to maintain accuracy in our catalogs and are not responsible for misprints due to human error or mistakes by the editor. All prices are subject to change without notice.

LAW ENFORCEMENT SALES POLICY

It is the customer's responsibility to verify that the purchase and use of any product from U.A.W. is legal and free of restrictions in their home state. Customers shall warrant to U.A.W. that they are authorized to make purchases and that they are in full compliance with local, state and federal laws regarding restricted items. U.A.W. shall not be held liable for customer's use of such equipment. To verify legal restrictions on purchasing and using all such items, contact your local authorities.

There are no other warranties, expressed or implied, including but not limited to, any implied warranties of merchantability or fitness for a particular purpose. In no event shall U.A.W. be liable for any loss of profits or any indirect or consequential damages arising out of any such defect in material or workmanship.

Verifiable proof of occupation must be submitted for any purchase of police, sheriff & law enforcement items and accessories

LIGHTBAR WARRANTY

If you receive your package in a damaged condition, please refuse the package and immediately contact our customer service department. In order to file a claim, all damages must be reported within 24 hours of receipt.

- Warranty begins from date of purchase • Warranty of lightbar modules is 6 months and one year on hardware • Customer is responsible for all shipping on warranty repairs • After the warranty period the customer is responsible for all charges

GS3000 PATROL TOUR SYSTEM

The Patrol Tour System features the latest in memory chip technology in the extremely durable GS3000 scanner. It is the ideal solution for companies wishing to track employees whose work duties require moving from place to place, such as security guard patrolling, policeman patrolling, remote equipment inspection, etc. The remote scanner records the date, time and tag ID when brought in contact with a button tag. Use the included Patrol Management Lite software to download and generate reports, which can be printed or exported to MS Word/Excel, PDF, JPG, and much more.

The Patrol Management Lite software is designed to be easy to use and setup. See the sample report.

ALL WEATHER DELUXE TROPICAL SHIRTS

Our All Weather Deluxe Tropical weave shirts are comfortable and durable. They are made from 10-10½ ounce, 65/35 Poly/Rayon. These shirts are often imitated but never duplicated. The 6600 series is a sturdy yet “breathable” fabric that retains its body and drape. Wearers attest these Deluxe Tropicals become more comfortable after each machine washing! Available in many colors and styles, it’s the choice of many agencies nationwide.

Standard shirt features include:

- Form-fitted tailored look designed to fit comfortably over body armor
- Pleated pockets with scalloped flaps and Velcro’ closures
- 5 permanent sewn in creases, two in the front continuing through pocket and flap, and three in the back
- 7-button placket front
- Durable, double-stitched shoulder straps and pocket flaps
- Hidden pencil compartment
- Full badge sling
- Optional concealed zipper may be added

100% WOOL SHIRTS & TROUSERS

These 100% Wool, LAPD Navy, 9586 range shirts and matching trousers offer the ultimate in styling, comfort, and durability. The all wool fabric offers inherent natural breathability and, as a result, is the incomparable California-styled favorite. Shirts are made in a 10-10½ ounce tropical weave, tailored with double needle stitching throughout, and include elbow reinforcement patches. Sewn buttons on shoulder straps and pockets are convertible to accommodate removable metal buttons.

Shirt also features:

- Form-fitted tailored look designed to fit comfortably over body armor
- High luster collar & yoke trim
- 7-button placket front
- Metal eyelet badge holder
- Plain pockets with scalloped flaps & Velcro® closure
- Cross-stitched shoulder straps
- Hidden pencil compartment
- An optional concealed zipper may be added

The trousers are made of durable, 2-ply, 17-17½, ounce, 100% Wool, and feature hip, and club pockets, plus a fully lined seat. Unhemmed.

HOW TO: PROPER INSERTION OF SOFT EARPLUGS

Protecting your hearing should be of prime importance to us all. Wearing ear protection at the range or at any time loud noise are present should be mandatory.

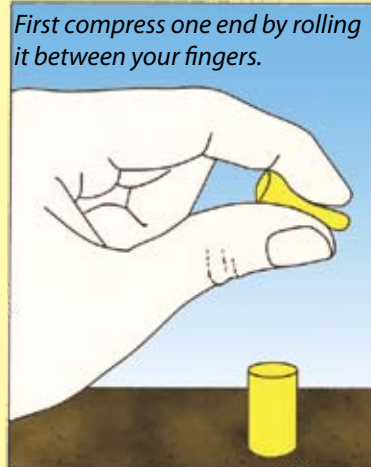

Inserting earplugs is just as important as which type to use for your purpose.

All types of foam earplugs, whether they're pillow-shaped or tapered should be inserted the same way.

First shape the earplug to your ear canal opening by rolling one end between your fingers. Next, pull your ear away from your head. This causes the ear canal to straighten for easier insertion.

Be careful how far you insert them into your ear canal. At least half of the earplug should be left outside the canal. This way you'll be able to grasp it for easy removal.

First compress one end by rolling it between your fingers.

Pull ear lobe upward to open ear canal then insert the plug.

DUTY HOLSTERS BY BIANCHI

ACCUMOLD® & ACCUMOLD® ELITE™ SPEEDBREAK™

For the ultimate in design and function, the Speedbreak™ Duty Holster by Bianchi sets the standard. Featuring Auto Retention™ technology, by which a weapon once holstered, instantly locks into place providing the officer an extra measure of time to control a situation.

AccuMold® Elite™ Speedbreak™ Duty Holster

- AccuMold® Elite™ trilaminate construction with Duraskin™ finish, looks remarkably like leather, but is almost half the weight.
- ThumbLok™ retention device secures weapon internally upon holstering, activating exclusive Auto Retention™ feature
- Features an extended contoured thumb break called KnuckleBreak™, which allows the user to release the thumb break in one smooth motion on the way to the thumb lever
- Injection molded jacket slot belt loop with ErgoTek™ comfort pad
- Tension Bars™ keep holster securely in place
- Fits up to 2 1/4" Duty Belt
- Available in right-handed

DESIGN YOUR OWN BADGE

IT'S SO EASY ANYONE CAN DO IT!

We at Uniform Warehouse are always looking for innovative ways to improve your experience with us. We are proud to introduce our high quality traditional heavy weight custom badges. They come in gold or silver rhodium electro plating and won't fade or tarnish. Never before has designing your own badge been so easy and intuitive. You create your own badge in 2 quick steps. Here's what you can do!

Choose a badge design...

Our professional pre-made designs have no minimum order requirement and no setup fee. Buy in bulk and save. Add \$19.99 for shipping of any quantity.

| | | | | | | | |
|------------|-------|-------|-------|-------|---------|---------|----------|
| QUANTITY | 1-5 | 6-24 | 25-49 | 50-99 | 100-249 | 250-499 | 500 & up |
| PRICE EACH | 29.99 | 25.99 | 19.99 | 15.99 | 14.99 | 12.99 | 9.99 |

1. DESIGN IT!

- Click on the **Build Your Badge** link on our website www.uniforms4all.com
- Choose from our professional pre-made designs or your own for an extra fee
- Select a center seal from our list of over 80 or even use your logo for an extra fee
- Select the font type (Block or Times New Roman)
- Choose the text color (Black, Blue or Red)
- Indicate the desired text for each banner in your selected design

WHAT IS THE PROPER WAY TO WEAR A FLAG ON ONE'S SHOULDER SLEEVE?

Left Shoulder patch (#E-02)

Right Shoulder patch (#E-102)

General Flag Rules do not specifically address the positioning of a flag patch; a decision is left to the discretion of the organization prescribing the wear. Some elect to use the "left" flag on both sleeves. If you are planning to wear only one patch, it is recommended that you wear a "left" flag on your left sleeve.

Military guidelines: To wear our country's flag properly, the field of stars is worn closest to your heart. Further, when worn on the sleeve, the flag should appear to be advancing and not retreating. Thus, if your flag is to be worn on your *LEFT* sleeve, use a left flag. For flags worn on your *RIGHT* sleeve, use a "right" or "reversed field" flag. Source: US Army web site FAQs.

WE ALSO OFFER CUSTOM EMBLEMS MADE USING YOUR DESIGN OR BASED ON OUR HIGH QUALITY SAMPLES

DESIGN YOUR OWN EMBLEM FOR AN UNBELIEVABLY LOW PRICE.

IT'S SO EASY ANYONE CAN DO IT!

At Uniform Warehouse, we are always looking for new and innovative ways to improve your experience with us. We are proud to introduce our custom emblems. Never before has designing your own emblem been so easy and intuitive. You can do it in a few quick steps!

1. DESIGN IT!

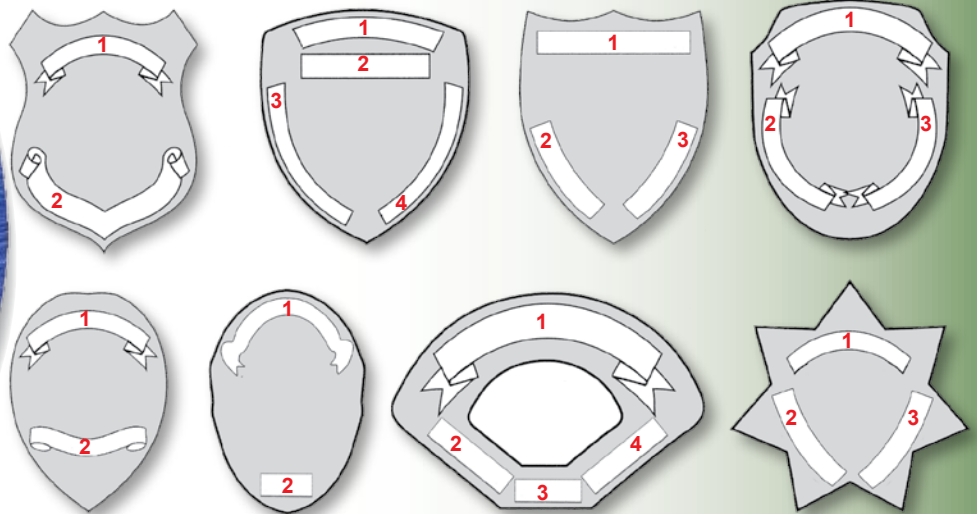

- Start with one of our many professional pre-made designs

or...

- Choose from our many shapes and designs and mix & match them to create your own perfect emblem

or...

- Select a design and font type (Block or Times New Roman)
- Choose your text colors (Black, Blue, Red, Gold...)
- Indicate the desired text for each ribbon in your selected design

or...

- Use our talented on staff artist to assist in creating your emblem

2. ORDER IT!

We know you have many options, but no one can beat our quality or prices. Order your emblem with the assurance that our emblems come with a 100% Satisfaction Guarantee. *(An art fee may apply)*

ADAPT ANY DESIGN FOR YOUR AGENCY

| | | | | | |
|--|--|-----------------------------------------|--|--|--|
| | | | | | |
| | | CHOOSE FROM OUR POPULAR DESIGNS: | | | |
| | | | | | |
| | | | | | |
| | | | | | |
| | | | | | |
| | | | | | |
| | | | | | |

FOR AN UNBELIEVABLY LOW PRICE

ARTWORK FEE: Use our talented staff artists to create your emblem. The artwork preparation fee is only \$75. It ensures you get the most professional looking product at the lowest possible price.

FOR YOUR CONVENIENCE: Call for details on how we can store and automatically reorder your custom patches. That way you never run out. Your patches are always in stock. Your garment orders can then be tailored and delivered quickly.

HEAT SEAL: A backing that allows you to simply use a hot iron to adhere your patches to most articles of clothing.

THE GUARDSCAN SYSTEM

- ◆ WHY YOUR AGENCY SHOULD HAVE OUR GUARDSCAN MANAGEMENT SYSTEM ◆
 - ARE YOU LOSING CUSTOMERS?
 - DO YOU WANT TO INCREASE YOUR CUSTOMER BASE?
- ◆ WE HAVE A SOLUTION FOR YOU! ◆
 - PROVE THAT YOU OFFER THE BEST SERVICE WITH THE GUARDSCAN SET.

ATTRACT NEW CUSTOMERS & BRING EXISTING CUSTOMERS TO A NEW LEVEL OF PROFESSIONALISM WITH THE GUARDSCAN MANAGEMENT SYSTEM.

This system functions easily as a hand-held data terminal. You simply scan each RFID (radio frequency identification) tag you place at check points you choose on a patrol route. Guard accountability increases as each guard must scan the tags to validate each check point. By scanning the tag, the date, time, location and any other incidentals will be logged into the data terminal. Download the information from the remote scanner to your computer and print simple and comprehensive professional reports to be reviewed with current and potential clients.

GARRETT PD 6500I WALKTHROUGH

The PD 6500i is the world's highest performing walk-through metal detector and leads the industry with superior pinpoint technology and unmatched discrimination and sensitivity features. Designed for maximum patron throughput without compromising safety, the PDi is the walk-through of choice for security professionals worldwide.

- Easy Assembly
- 33 Distinct Pinpoint Detection Zones
- Entry Pacing Lights
- Overhead Control Unit
- Multi-dimensional Coil Design
- Audible and Visual Alarms
- Access Control Panel

The PD 6500i's Access Control Panel is designed

for use by authorized personnel with specific, multi-level security codes. It allows authorized users to change settings such as detection Program and Sensitivity. Security of the detector's settings is maintained with a non-resettable sequence code, which indicates every attempt at access to the settings. A tamper alarm sounds within 10 seconds after the Access Touch pad is pressed, unless a proper access code is entered.

The PD 6500i maintains all settings even when disconnected from power and does not require recalibration each time the unit is turned OFF and back ON. No battery is required for memory retention.

Suggested retail price: \$5,945.00

\$3,895⁹⁵

PD-6500i

GARRETT MT 5500 WALKTHROUGH

The MT 5500 is one of the world's most popular walk-through metal detectors because it provides maximum throughput with unparalleled multi-dimensional scanning. The MT 5500 meets the demanding needs of security professionals worldwide who trust its ability to maintain a high flow rate with minimal alarms.

- Easy Assembly
- Multi-Dimensional Scanning
- Microprocessor Controlled
- Audible and Visual Alarms
- Detection Field
- Access Control Panel

The Access Control Panel is designed for use by authorized personnel with specific security codes. It allows authorized users to change

settings such as Program and Sensitivity. Security of the detector's settings is maintained with a non-resettable sequence code, which indicates every attempt at access to the settings. A tamper alarm sounds within 10 seconds after the Access touch pad is pressed unless a proper access code is entered.

The MT 5500 includes 20 standard programs, which are maintained in an electrically erasable non-volatile memory, for the ultimate in security application versatility. The unit maintains all settings even when disconnected from power and does not require recalibration when unit is turned OFF and back ON. No battery is required for memory retention.

Suggested retail price: \$4,995.80

WE002 WALK THROUGH METAL DETECTOR

Designed for security professionals that are looking for a full-featured metal detector at an unbeatable value, the WE002 exceeds or meets specifications of more expensive brand names. By using six overlapping detection zones, the multi-channel metal detector can detect with pinpoint accuracy the location of metal objects. Advanced microprocessor technology allows you to selectively adjust the sensitivity in each detection zone.

- Easy Assembly
- 6 Distinct Pinpoint Detection Zones
- Audible and Visual Alarms
- Overhead Control Unit
- 100 Sensitivity Levels

Compound circuit design allows visible count of people who have passed through. With the help of DSP technology, false alarms are minimized. Password protected access panel maintains security of all the detector's settings.

Door size: 79"H x 27 1/2"W x 19"D

SCANNER HANDHELD METAL DETECTOR

- Simple & convenient operation
- Audio and LED alerts
- Lightweight ABS structure
- Automatic battery check
- Automatic reset switch for sensitivity change
- Requires 9V battery not included
- Size: 16¼" x 3½"

GARRETT SUPERWAND

The new Garrett SuperWand features an ergonomic grip to fit comfortably in every hand.

Detecting all metallic objects, the Garrett SuperWand is ideal for use in government facilities, security operations, hospitals, banks, and community events.

Users can choose between an audible and silent vibrate/LED lights alarm signal. The easy one-touch button & three-color display operation uses red, green & amber LED lights. Because it automatically retunes, the Garrett Super Wand requires absolutely no adjusting. The rugged injection molded construction features a structurally separate coil for increased impact absorption, yet the Garrett SuperWand is a light 16 ounces. Powered by a single 9V battery.

ENFORCER CLASSIC

CONCEALABLE BODY ARMOR BY US ARMOR

If you want the finest concealable vest for the dollar, this is it. The Enforcer™ is an everyday concealable vest that sets new standards for high performance at an affordable price. It's made with fourth-generation Kevlar® that's softer, lighter, thinner and more flexible than ever.

- Complies with NIJ 2005 interim requirements
- Removable Poly-Cotton/Intera™ vest carrier
- Air-entangled Dupont Kevlar 129® with stainless steel 6" x 8" trauma plates
- Dupont Nylon Supplex 3-ply panel cover
- 6-point elastic and Velcro® (removable)
- Color: Navy Blue
- Stab proof

ARC-01 & Arc-02 include a stainless steel (hard) 6" x 8" trauma plate.

Available in chest sizes with regular vest lengths:

(short and long lengths and 4XL size available on special order)

- Small (34-36)
- Medium (38 - 40)
- Large (42 - 44)
- 1XL (46 - 48)
- 2XL (50 - 52)
- 3XL (54 - 56)
- 4XL (58-60)

ENFORCER XLT

CONCEALABLE BODY ARMOR BY US ARMOR

No longer do you have to sacrifice comfort for dependable DuPont™ KEVLAR® performance. The incredible Enforcer™ XLT Series from U.S. Armor is at least 25% lighter and more flexible than current all-Aramid fabric armor designs and still delivers V-50 ratings far in excess of NIJ requirements. Comfort, flexibility, high performance and dependable history, all in one quality Enforcer™ XLT Concealable Armor package.

- Complies with NIJ 2005 interim requirements
- KEVLAR® Comfort XLT, the latest ballistic technology from DuPont™, the most recognized producer of ballistic fiber advancements in the world.
- 6 point elastic and Velcro® (removable) and 4-point "Wide Wrap" both included
- Soft 6" x 8" Trauma Plate • Stab proof
- Premium poly-cotton/aquadyne carrier system • Color: Navy Blue

ARX-01 & ARX-02 include a 6" x 8" (soft) trauma plate.

WEB SITE INFORMATION.....

How-to-Measure for Men And Women

FOR HELMETS, CAPS OR HAT SIZE Use a cloth measuring tape to determine your correct cap or hat size. Measure completely around the head, starting 1" above the eyebrows in the front and going around the largest point at the back of the head. (See chart below)

FOR CHEST/BUST SIZE — Measure just below the arms, completely around the back and across the broadest part of the chest area. Hold tape firm and level.

NECK — Measure a shirt that fits you well. Lay the collar flat and measure from the center of the collar button to the far end of the button hole. The number of inches equals your size.

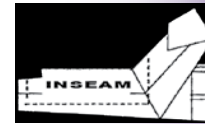

SLEEVE — Measure from the center of the collar (in the back), across the shoulder and down the sleeve. Number of inches equals sleeve length.

FOR WOMEN'S HIPS — Stand with heels together and measure around the fullest part of hips.

INSEAM — Take a pair of uniform pants (not jeans) that fits you well. Measure (to nearest inch) from the crotch seam to the bottom of pants.

BELTS — Order your belt 2" larger than your waist size. If between "even" sizes, order the next larger size.

GLOVES — Measure around your dominant hand at fullest part (exclude thumb). Number of inches equals glove size.

MAKE A COPY OF THIS RULER TO MEASURE AND CHECK YOUR SIZES
